

# EDUCATIONAL LEADERSHIP FOR BREAKING POVERTY BARRIERS WORKSHOP

June 8, 2016

8:30 am - 4:30 pm

Southeast High School  
Commons Area

*When communities come together to harness the value of everyone, lives are changed forever.*

*Sangamon County Community Resources, PNC Foundation and District 186 are working together to implement an educational approach that bridges the gap between social service operations and the people who need them by creating a system where everyone is working together and people in poverty are given opportunities to realize their strengths and reach their potential for moving forward.*

*For 26 years, Donna has worked with educators, justice professionals, health care providers, social service agencies, and other organizations who want to make a difference for those living in the crisis of poverty. Most recently, Dr. Donna Beegle was honored to be named the 2014 Woodrow Wilson Princeton Fellow.*

*More information on Dr. Donna Beegle's work can be found at [www.combarriers.com](http://www.combarriers.com) by clicking on her full bio .*
