

## Sangamon County Department of Public Health

### Brief Recommendations for Business, Churches, Colleges and Community Service Establishments

- Restrict travel to only essential travel outside the regional area (for example, Central Illinois) while monitoring conditions as events continue to develop.
- Utilize distance/on-line learning and training.
- Encourage everyone to stay home if they are sick. Have everyone always cover coughs and sneezes. Urge everyone including all visitors to clean their hands at the door.
- Clean and disinfect surfaces frequently touched surfaces like doors and water fountains.
- Suspend programs promising awards for perfect attendance.
- As the weather improves, consider increasing ventilation by opening outside doors and windows.
- Avoid touching your eyes, nose, or mouth with unwashed hands
- Discourage sharing of food and liquids..

#### With presumptive case of COVID19

- Close the facility
- Perform cleaning and disinfecting and plan to re-open the facility after 2 weeks.
- As needed consult with the Sangamon County Health Department about the additional steps needed for your situation.
