

OEM/911 COMMITTEE
November 27, 2019
NOON
SANGAMON COUNTY CENTRAL DISPATCH CENTER

Present: David Mendenhall, Tim Krell, Ryan Melchin, George Preckwinkle, Tony Delgiorno

Others: Bill Lee, Chris Mueller, Dick Rentschler, Rich Coon, Andrea Miller

Visitors: Todd Masterhan with Sherman Fire

Chairman David Mendenhall called the November meeting to order at 12:01 p.m. Member Krell made a motion to approve the September minutes. Melchin seconded the motion. Motion carried. Passed by all.

OEM Report: Bill mentioned they have been working on the drone standard operating procedures to get it through to the lawyer's office to get it signed off on. The drone is here and Bill anticipates having it set up next month for everyone to check out. Also, Bill stated that they have started handling, receiving and processing tier 2 reports from all of our reportable hazmat reports throughout the county. There are 150+ buildings that maintain over a certain amount of a certain chemical that have to report to Bill and he process them for IEMA.

Rescue Squad Report: There was nothing to report for the Rescue Squad

911 Report: Please see radio report

Radio Governance Committee Report:

Rich reported an incident where one of the remote receive sites went into "fault" and then quickly reset itself. The system is running well. Chris Dodd of OEM, visited all four water tower sites and closed the cabinet covers in order to retain the heat from the equipment inside the cabinet during the winter months. One site has heaters and the other three do not. We will add heaters to them if necessary.

Director Mueller reported that the contract with Tusa consultants to develop an upgrade and modernization of the Rural Fire Radio System had been approved and signed by the Chairman. The first meeting with the consultants will be on December 10. They have a sixty-day time frame in which to submit their recommendations.
